

SANDBLAST SUPPLIES

SANDBLAST

Raw Wood Application - High Tack

SANDBLAST STENCIL

The materials should be used on raw wood only. After blasting, care should be taken when removing stencil to avoid pulling-up wood splinters. Avoid leaving sandblast stencil film on for more than one day.

			Part Roll	10 Yard Roll
#116	Computer Punched	15"	17.95/yd.	157.00
#125	Hand Cut	25"	21.00/yd.	188.00

Glass & Painted Wood Application - Medium Tack

SANDBLAST STENCIL

- Glass Sandblasting - use either #117 or #120 for depth carving. For etching or matting effects, use .004 soft white vinyl with removable adhesive.
- If the wood is primed with "Sign Life" primer, painting may be done prior to blasting.

			Part Roll	10 Yard Roll
#117	Computer Punched	15"	17.75/yd.	155.00
#120	Hand Cut	25"	20.50/yd.	179.00

- Pre-painting gives cleaner edges of the image than painting the raised surfaces after sandblasting.
- Prior to pre-mask application. Surface of stencil should be wiped preferably with alcohol to remove anti-stick powder.
- A 60° blade is the suggested angle for Sandblast cutting.
- After application to surface of wood, roll with a roller to eliminate bubbles, and tap small areas with a rubber mallet for better adhesion.

Sandblast Filler 211 Specially designed and formulated to produce superior results with Anchor stencils.

Gallon - 54.25

CARTRIDGES

REPLACEMENT CARTRIDGES FOR INK JET PRINTERS

440ml cartridges for ROLAND, MIMAKI, and MUTOH eco-solvent printers.

Available in : Black Cyan Magenta Yellow L.Cyan L.Magenta
 Roland - 93.00 ea. Mimaki - 93.00 ea. Mutoh - 93.00 ea.

Quantity discount - less 5% for 4 assorted cartridges.
