MACmark[®] High-Performance Marking Films

Glass Decor

Typical Uses:

- Frosted window decoration, to simulate an etched glass or sandblasting look.

7 yr
2 colors
CURVED surface Permanent

Glass Decor 700 series films are translucent, non-coloured vinyls with "dusted" and "frosted" finishes for decoration of glass windows, mirrors or doors for an etched, frosted or sandblasted look. The face is a translucent matte 3-mil cadmium-free vinyl. The film is coated with a durable permanent acrylic adhesive with excellent wet out characteristics for clarity. An 83# white Kraft liner offers stability and layflat. The product has good dimensional stability and is designed for excellent cutting and weedability.
