## autotype CPS SCREEN CLEANING SYSTEM

**CPS HAZE REMOVER** is an extremely efficient, low caustic stain remover. It will effectively remove most types of ink and stencil stains with a minimum amount of effort.

5 Litre - 57.75    25 Litre - 269.00

**CPS STENCIL REMOVER CONCENTRATE** is a concentrated periodate-based stencil reclaimer that is mixed with water to make a highly effective, ready-to-use product. One liter of Stencil Remover Concentrate 1:30 is mixed with 30 parts water to make approximately 30 litres of reclaiming solution.

1 Litre - 50.50

**CPS A-6 SCREEN WASH** is a slow evaporating emulsifying cleaner for most types of screen printable graphic inks. It is extremely effective when used during the reclaiming process as a non caustic haze remover for light stains.

5 Litre - 61.50    25 Litre - 279.00

**CPS V-3 SCREEN WASH** is an economical screen wash that works well in removing vinyl ink.    25 Litre - 269.00
