# PLASTICS FOR DISPLAY AND PRINTING

COROPLAST®

Coroplast is an extruded, twin-wall plastic sheet based on a high-impact polypropylene copolymer. This high quality, polypropylene profile sheet is formulated specifically for screen printing, displays and packaging. It uses a copolymer resin to increase impact and low temperature performance while retaining flexibility.

At regular temperatures most oils, solvents, and water have no effect on Coroplast, allowing it to perform under adverse weather conditions or when exposed to harsh chemicals.

Standard colours: White, Natural, Ivory, Yellow, Brown, Red, Orange, Light Blue, Dark Blue, Navy Blue, Silver Grey, Green and Black.

Outdoor Durability - up to 3 years

Our Vinylefx® Outdoor Durable Series, which provides up to three years of outdoor life, is comprised of a variety of cost-effective simulated metal, light-diffracting and 3-D patterns, designed for long-term outdoor signage. For demanding applications such as truck and boat graphics, the Vinylefx® Durable Series films provide a superior alternative to the expensive simulated gold-leaf films.

RTape Vinylefx® is exceptionally suited for general purpose signage applications and a cut above other "special effects" films thanks to a proprietary deep-embossing technology that provides a crisper three-dimensional appearance to each pattern. **Because the Vinylefx® is vinyl, not polyester, they require no top coating prior to printing! They print, cut, weed and handle just like intermediate vinyl.**

K88025 Ultimate Hi Gloss Black Roof Wrap 60" width

Ultimate Black is a high gloss self-healing black vinyl which is ideal for accents during wrapping. It installs like a PPF product using a wet application method because there is no air egress liner. The material can stretch slightly, but is not designed to wrap an entire vehicle. It is perfect for roofs, small accents and especially chrome deletes. The special coating allows it to have an unrivalled high gloss finish that will self heal from small scratches and maintain it's true black look for years.
