**PLASTICS FOR DISPLAY AND PRINTING**

COROPLAST®

Coroplast is an extruded, twin-wall plastic sheet based on a high-impact polypropylene copolymer. This high quality, polypropylene profile sheet is formulated specifically for screen printing, displays and packaging. It uses a copolymer resin to increase impact and low temperature performance while retaining flexibility.

At regular temperatures most oils, solvents, and water have no effect on Coroplast, allowing it to perform under adverse weather conditions or when exposed to harsh chemicals.

Standard colours: White, Natural, Ivory, Yellow, Brown, Red, Orange, Light Blue, Dark Blue, Navy Blue, Silver Grey, Green and Black.

48" x 96" sheets can be assorted for quantity discount columns
